

# The Compliance Reality Challenge (CRC)

The *Compliance Reality Challenge (CRC)* gives you the opportunity to present new compliance concepts and reinforce existing knowledge through a collaborative, information-sharing environment. The workshop reinforces employees' understanding of compliance policies and principles by engaging them in realistic, job-based scenarios. The *Compliance Reality Challenge* includes two scored activities: the *Compliance Sprint*; and the *Compliance Mystery*.

## COMPLIANCE MYSTERY

Divisional teams compete against one another in the *Compliance Mystery*. Team members play compliance “detective” and solve a scenario-based mystery using their understanding of compliance best practices and guidance.

The activity includes a timeline with clues (e.g., emails, voicemail transcripts, receipts, text messages) to help participants discern any red flags. To deepen the learning, each question includes a justification step requiring participants to provide the rationale behind their answers.

## COMPLIANCE SPRINT

Compliance Sprint is a high-energy, card-sort activity built with custom compliance information critical to your employees' jobs.

Participants are presented with a question or short scenario, on a “card” in the middle of the screen. Each card is sorted (dragged) into a “bucket” on the right or left of the screen. Feedback is provided for each question and the activity is repeated for any cards sorted incorrectly.

# CREATING A COMPETITIVE ENVIRONMENT

To enhance the competitive spirit between teams during the workshop, the *Compliance Sprint* and *Compliance Mystery* activities are scored. Team scores are fed to a leaderboard, which updates in real time. The leaderboard can be displayed by the facilitator after each activity, or can remain displayed throughout the workshop.

STANDING	TEAM	PROGRESS	AGGREGATE SCORE
1	23	[Progress bar]	347
2	11	[Progress bar]	347
3	51	[Progress bar]	347
4	9	[Progress bar]	347
5	36	[Progress bar]	290
6	19	[Progress bar]	290
7	2	[Progress bar]	290
8	17	[Progress bar]	273
9	33	[Progress bar]	273
10	40	[Progress bar]	273
11	29	[Progress bar]	273

## WHAT YOU GET

The CRC is a “workshop-in-a-box” framework that includes modification of the participant and leader portal pages, development of questions for the *Compliance Sprint*, a scenario and clues for the *Compliance Mystery*, setup of the scoring database, and programming of onscreen elements.
